Case No. 74-914

AFFIDAVIT OF MICHAEL R. WEINMAN

MICHAEL R. WEINMAN, being first duly sworn, says:

1. Michael R. Weinman is a railroad management consultant and is President of PTSI Transportation, a corporation organized under and by virtue of the laws of the Commonwealth of Pennsylvania. PTSI Transportation provides consultation in rail operations, equipment, operations, marketing, and customer/on board services.
2. It is my professional opinion that the decline in railroad passenger service at the Cleveland Union Terminal, occurred in the natural course of the New York Central Railroad's

business, and was not as a result of the merger between the New York Central Railroad ("NYC") and the Pennsylvania Railroad ("PRR"). The following are factors which negatively impacted the intercity passenger traffic through Cleveland in the 1950, 1960, and early 1970 eras:

a. The rise of the Empire Service-this restructuring of the NYC passenger service in New York State (and the restructuring and discontinuances which were precursor thereto in 1967) eliminated journey opportunities, discontinuing some through services where these had existed. The Empire Service began in November 1967, just 3 months prior to the merger between NYC and PRR. While successful in stemming the loss of both ridership and revenue in New York State, the changes had a slightly negative impact on "lines west", the routes from Buffalo to Cleveland, Cincinnati, St. Louis and Chicago.

b. Discontinuance of Mail Service-up until late 1960 and early 1970, the primary means of transport for U.S. Mail was on passenger trains. Being that the CUT was primarily a passenger station, it handled numerous passenger trains which carried U.S. Mail. This provided numerous jobs for NYC employees employed at the CUT. In the 1960 decade, the U.S. Post Office instituted a policy of transferring mail from passenger service to freight trains, highway trucks, and air carriers. Automated sorting, the use of "zip" codes, and service and policy issues resulted in elimination of railway post office cars, and a substantial reduction in bulk mail carried by passenger train. Mail which had been handled at and through CUT was either lost to rail, or transferred in some cases to other facilities in Cleveland more highly automated, or adapted to non-passenger needs. Since Mail was no longer being transported on passenger trains, and the CUT was a passenger station, Penn Central was forced to close down the CUT Mail Hall on September 1, 1972 resulting in the need to reduce forces to deal with the discontinuance by the U.S. Post Office.

c. Railway Express Agency (REA)-the REA, which was owned collectively by American railroads, which included the NYC, suffered a decline in business which resulted in cessation of all operations by 1975. During the declining years, some of its traffic was shifted to highway and air modes, accelerating the decline in revenue to the railroads. Much of the REA diversion from passenger trains occurred between 1966 and 1968.

d. Interstate Highways-the program of Defense and Interstate Highways, begun under the Eisenhower administration in 1958, and accelerated as the 1960 era progressed. This program, and certain state programs which resulted in such limited access highways as the New York State Thruway (which opened between 1954 and 1959) and the Ohio Turnpike (which opened in 1955), constituted a national, if de facto, public policy shift to both passenger and freight transportation to the highway mode. Freight and passenger service was increasingly diverted to the more convenient and efficient highway systems. These highways, with no grade crossings of other roads or railways, and with no traffic lights, greatly decreased travel time for trucks, buses and autos. Obviously, the shift to automobiles in the early 1940's greatly accelerated the already declining revenue of railway corporations, but the interstate highway furthered this decline by decreasing the costs and travel times brought on by new roads upon which the automobiles could use for travel. This affected not only Cleveland, but the entire U.S. as well and lead to an overall decline in railroad passenger transportation.

e. Suburbanization-the wholesale relocation of metropolitan residential population from the inner city and surrounding areas to dispersed suburbs resulted in the diminution of much activity in central business districts. The reallocation of people into far flung suburbs substantially decreased the efficacy of the passenger service while necessitating the need for automobile ownership. Pre-suburbanization, city centers facilitated access to passenger trains

through proximity to activity in and around downtown stations. The public transportation network was made possible by dense development within a few miles of downtown stations. Dispersal of this concentration hindered convenient access to trains because much activity was remote from the station, and because local transport in the suburban environment favored the automobile. The less people used trains to travel into a city, the more they used cars to make up for the discontinued travel options. This was realized in the northeast, with suburban stations such as Route 128 (Boston), Metropark (suburban New Jersey), and New Carrollton (suburban Washington) springing up in the 1960-1970 eras, but by 1962, the outer stations serving Cleveland had essentially dried up.

f. Riots following the death of Martin Luther King, Jr.-these urban uprisings and others across the nation in the 1960 era resulted in the perception of unsafe conditions in cities, where downtown passenger stations remained. The consequent reluctance to use inner city facilities accelerated the decline in passenger business.

g. Decline of Local Public Transportation-CUT was constructed in a major commercial district, and served as its hub, both in terms of office and retail facilities, and as the focal point for urban rails and bus services in Cleveland. As such services declined, the ability to reach the terminal declined as well. While airports, which had always been in remote areas of and around cities, could construct parking on available land, this was not possible or inexpensive in locales such as CUT. These same issues affected cities at the other end of journeys which would start or end at CUT, again diminishing ridership.

h. Reduction in Connecting Passenger Trains-as connecting railroads discontinued passenger trains, Cleveland passengers had fewer and fewer travel options. The proportion of "overhead" or connecting traffic, at cities such as Buffalo, Chicago, and St. Louis, was

substantial. As the weak roads exited the passenger business in most states were eliminated as potential rail destinations from Cleveland. With decreased destination options, the CUT became a less desirable hub for intercity passenger travel.

i. Reduction in trains using the CUT (excluding Mail, Express, and trains not stopping at the CUT)-in 1961, there were 35 trains using the CUT, comprised of the New York Central (23 trains), Erie-Lackawanna (6 trains), Nickel Plate (4 trains), and the Baltimore & Ohio (2 trains). By 1971, due to the sharp decline in passenger service, there were but 11 trains using the CUT. This greater than 200% attrition rate for train usage left the New York Central with a large employee and asset overhead cost that was crippling operations at the CUT. Train movements at the CUT declined by over 50% between 1961 and 1967. While the number of trains using the CUT declined, so did their ^{car count} ~~frequency~~. In 1961, 47 trains passed through the CUT on a daily basis, and by 1967, only 16 trains moved through the CUT daily. This decline in trains and daily train movement impacted the average number of employees needed at the CUT. In 1961, the CUT had just over 550 employees. By 1971, there were roughly 60 employees providing services. The diminution of trains using the CUT during this period resulted in less employees needed to deal with the few trains that remained.

j. Inauguration of jet aircraft-when the first Boeing 707 entered commercial service in 1958, a "gift" from military government, journey times were reduced, and the tedium of air travel turned to the romance of air travel. Air carriers experienced higher aircraft and labor productivity, and the reliability of all-weather travel eliminated a major rail advantage. Many people found the airplane to be a more convenient and less time-consuming mode of transportation than the passenger train, and the decline in railroad passenger service reflected this trend.

k. Construction of suburban airports-airports serving the jet age required new and bigger facilities, with lots of parking and "jet age" design. This was accomplished in city after city at the public expense, all the while the rail carriers had to maintain aging terminal infrastructure, and pay lavish tax rates on this property to boot. In Cleveland, the rapid transit system was extended to serve Hopkins Airport in the late 1960's era, a good indication that the air age had transcended the railway age as to passenger travel.

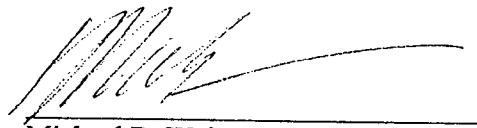

l. Decline in heavy industry-though less evident in Cleveland than some cities, the decline in manufacturing in the eastern U.S. established the "rust belt", decreasing jobs and economic activity disproportionately. This had an effect on the travel served by the CUT.

m. Economic recessions-a series of recessions in 1957, 1958, and 1961 accelerated the losses suffered by the operators of passenger trains using the CUT.

n. Loss of population-in addition to suburbanization, the gradual movement of population and economic activity to the sun belt saw 9 cities in the CUT service area (key destinations served from the CUT) lose 450,000 residents from 1960 to 1970. Cleveland itself lost 125,000 residents, or 18% of its population, in this period.

IN THE UNITED STATES DISTRICT COURT
FOR THE NORTHERN DISTRICT OF OHIO
EASTERN DIVISION

MICHAEL J. KNOPIK, et al.,) Civil Action No. C69-722
) Plaintiffs) JUDGE LAMBROS
)))
v.) AFFIDAVIT OF GEORGE C. ELLERT
PENN CENTRAL TRANSPORTATION)
COMPANY, et al.,) Defendants)

GEORGE C. ELLERT, being first duly sworn, says:

1. George C. Ellert is Assistant Superintendent-Labor Relations of the Penn Central Transportation Company, a corporation organized under and by virtue of the laws of the Commonwealth of Pennsylvania and in reorganization pursuant to the order of the United States District Court for the Eastern District of Pennsylvania, No. 70-347, June 21, 1970.

Also, Mr. Ellert is the Assistant Superintendent-Labor Relations of the Cleveland Union Terminals Company, a Class I Railroad organized under and existing by virtue of the laws of the State of Ohio.

2. The plaintiffs herein listed in Exhibit "A" hereof were and have been employees of the Cleveland Union Terminals Company and The New York Central Railroad Company and performed compensated service for The New York Central Railroad Company between January 1, 1964 and February 1, 1968. The earnings of the plaintiffs in the within action for compensated service during 1964, 1965, 1966 and 1967 are set forth in Exhibit "A" hereof. The said compensated service was rendered and performed in the City of Cleveland in the area known as the Mail Hall, the Lakefront and 26th Street and the New York Central trackage leased from the Big Four (Cleveland, Cincinnati, Chicago & St. Louis Railway Co.) between Front Street and the Old Union Depot territory in the City of Cleveland.

EXHIBIT I

2.

3. Each of the plaintiffs was a Cleveland Union Terminals yardman and as such, pursuant to an agreement by and between The New York Central Railroad Company, Cleveland Union Terminals Company and the respective general grievance committees of the Brotherhood of Railroad Trainmen, NYC Lines West, General Grievance Committee and the Cleveland Union Terminals Lodge No. 927. Plaintiffs were authorized and permitted to perform work for the New York Central pursuant to the said agreement, effective April 1, 1952 (Exhibit "B" hereof).

4. On November 16, 1964, in anticipation of the merger The Pennsylvania Railroad Company and The New York Central Railroad Company executed a Merger Protection Agreement with the Brotherhood of Railroad Trainmen and the General Chairmen of the several Grievance Committees of the Brotherhood of Railroad Trainmen having jurisdiction over the representation of trainmen, including freight and yard service employees of both the Pennsylvania Railroad and the New York Central Railroad. The said agreement is effective January 1, 1964 (Exhibit "C", hereof) and provides in part as follows:

"(a) * * the Washington Job Protection Agreement of 1936 * * * shall be applied for the protection of all employees of Pennsylvania and Central as of the effective date of this Agreement or subsequent thereto up to and including the date the merger is consummated who may be adversely affected with respect to their compensation, rules, working conditions, fringe benefits or rights and privileges pertaining thereto incident to approval and effectuation of said merger; provided, however, that in addition to benefits set forth in the said Washington Job Protection Agreement, it is further agreed as follows:

"(b) On the date the said merger of Central into Pennsylvania is consummated the merged company will take into its employment all employees of Pennsylvania and Central as of the effective date of this Agreement or subsequent thereto up to and including the date the merger is consummated who are

3.

willing to accept such employment, and none of the present employes of either of the said Carriers shall be deprived of employment or placed in a worse position with respect to compensation, rules, working conditions, fringe benefits or rights and privileges pertaining thereto at any time during such employment.

"For the purposes of this Agreement the term 'present employes' is defined to mean all employes of Pennsylvania or Central who render any compensated service between the effective date of this Agreement and the date the merger is consummated (both dates inclusive) provided, however, * * *"

The agreement then proceeds to define the terms and the obligations relating to contracts, schedules and agreements executed prior to and subsequent to the execution of the said Agreement for Protection of Employees in Event of Merger of Pennsylvania and New York Central Railroads. The Agreement specifically provides further that any disputes between the organizations and the carriers relating to the said Agreement and implementing agreements shall be referred to arbitration.

5. Subsequent to the execution of the said Agreement above referred to as the Merger Protection Agreement (Exhibit "C"), an Agreement was executed by and between The New York Central Railroad Company, Western District, The Cleveland Union Terminals Company and the yard service employees of both carriers represented by the Brotherhood of Railroad Trainmen, specifically the General Grievance Committee, New York Central Railroad, Western District, and the General Chairman of the Railroad Trainmen, Cleveland Union Terminals Company Local Lodge No. 927. The said Agreement was executed February 16, 1965 (Exhibit "D", hereof, referred to as Exhibit A of the Affidavit of J. A. Lyons, heretofore filed in this Court).

The said Agreement consolidated the separate seniority rosters for yard service employees of The New York Central Railroad Company Cleveland Terminal District (freight yard) and the

~~Cleveland Union Terminals Company~~ and provided that the yard service employees of Cleveland Union Terminals Company be placed in the New York Central Railroad Cleveland Terminal District seniority roster identified as "NYC and Big Four Joint Yard Brakeman Seniority Roster" following the junior employee currently on the NYC and Big Four Joint Roster (Exhibit "D-1) in the same relative order as they now appear on the Cleveland Union Terminals Company Yardmen's Seniority Roster with a common New York Central Freight Yard seniority date of September 10, 1964. The Agreement provided further that no names will be added to the Cleveland Union Terminals Company Yardmen's Seniority Roster.

The said Agreement further provided:

(a) Assignments in the present Cleveland Union Terminals Company territory not bid in by Cleveland Union Terminals yardmen effective February 16, 1965 will be opened for bid to all New York Central freight yard yardmen with the seniority date prior to January 2, 1964.

(b) Assignments including extra lists in New York Central freight yard territory not bid in by yard service employees with New York Central freight yard seniority prior to January 2, 1964 will be opened to bid by Cleveland Union Terminals Company yardmen.

(c) All furloughed employees on present separate seniority rosters will be recalled to service before new men are employed.

(d) Cleveland Union Terminals Company yardmen recalled from furlough for assignments, including the extra list, in the New York Central Cleveland Freight Yard territory must report for service within fifteen (15) days of the date notified by U.S. mail at their last known address or forfeit all seniority in both districts.

5.

(e) New employees hired after February 16, 1965 would have only one seniority date and will be added to the New York Central and Big Four Joint Yard Brakeman Seniority Roster following the junior man.

(f) All yard service employees subject to this Agreement will be governed by the rules and agreements of the territory, New York Central or Cleveland Union Terminals, to which assigned, that is, all employees working New York Central Cleveland Terminal District (freight yard) assignments will be subject to the rules applicable in that territory and all employees working Cleveland Union Terminals assignments will be subject to the rules applicable in that territory.

(g) Revised seniority rosters would conform to the terms of this Agreement as of the effective date hereof and will be appended to the Agreement.

(h) The agreement was in effect as of February 16, 1965 and continues in effect unless changed in the manner prescribed by the Railway Labor Act.

6. Exhibit "E", hereof, is a portion of the NYC and Big Four Joint Yard Brakemen Seniority Roster of February 15, 1965 containing the seniority date, September 10, 1964, and the birth date of each of the employees therein as required by the said Agreement of February 16, 1965, Exhibit "D".

7. On December 21, 1966 an Agreement was made by and between the Pennsylvania Railroad and the New York Central Railroad and their employees represented by the Brotherhood of Railroad Trainmen, among others, relating to the coordination and consolidation in the event of merger of the separate facilities of the Pennsylvania and New York Central Railroad Companies. A copy of the said Agreement is appended hereto as Exhibit "F" hereof.

The said Agreement modified Section 1(c) of the Merger Protective Agreement and Appendix E of the Merger Protective Agreement. Section VII provided for the rearrangement of seniority districts upon the date the merger of the Pennsylvania and New York Central Railroads is consummated or as soon thereafter as is practicable. The said rearrangement would be made on an equitable basis pursuant to the terms of an implementing agreement to be executed prospectively.

Section VIII provided for implementing agreements for the consolidation of present terminals and terminal facilities including switching limits and rearrangement thereof. One of the locations specifically set forth was Cleveland, Ohio. The work at Cleveland, Ohio was to be allocated on an equitable prior right basis. This was determined by the carriers furnishing the General Chairmen with the number of cars dispatched and the engine hours operated for the period of one year commencing December 1, 1964 through and including November 30, 1965.

The matters relating to disputes as provided in the Merger Protection Agreement of 1964 was amended by the deletion of the second paragraph of Section 1(e) and the substitution of a new paragraph in lieu thereof which provided for arbitration of such disputes as arise under the said agreement.

Paragraph X. thereof provided that prospective and supplementary implementing agreements would be executed by and between the railroads and the Brotherhood of Railroad Trainmen, as contemplated by Section 4 of the Washington Agreement of 1936, Appendix A of the Merger Protection Agreement (Exhibit "C") and such circumstances as may arise in the allocation and rearrangement of forces, seniority districts, terminal points and points of automatic release, switching limits and any other impediments to an integrated operation.

Paragraph XI provided that this Agreement shall supersede

7.

the provisions of any agreement with which it conflicts.

8. On March 14, 1967 an implementing agreement for Cleveland, Ohio was executed by and between the Pennsylvania Railroad, the New York Central Railroad and their employees represented by the Brotherhood of Railroad Trainmen (Exhibit "G", hereof). The said agreement provided for the transfer and use of employees relative to the unification, coordination and consolidation in the event of merger of the separate facilities of the carriers at Cleveland. This agreement required, among other things, the protection of the equities of the New York Central men and the Pennsylvania employees working in and about Cleveland, Ohio, all as expected prospectively by the Merger Protection Agreement of 1964, as modified by the Agreements of December 21, 1966 (Exhibit "F", hereof).

9. The merger of The New York Central Railroad Company into The Pennsylvania Railroad Company and the evolution of the Penn Central Transportation Company was accomplished pursuant to the authority of the Interstate Commerce Commission, February 1, 1968.

10. By virtue of the consolidation of the roster of the Cleveland Union Terminals yardmen into the New York Central and Big Four Joint Yard Brakemen's Seniority Roster, pursuant to the agreement of February 16, 1965 (Exhibit "D", hereof), the General Grievance Committee of the Brotherhood of Railroad Trainmen for the New York Central Western District and the Cleveland Union Terminals and the Danville Subdivision of the New York Central Southern District served notice pursuant to Section 6 of the Railway Labor Act on behalf of the affected employees of the Cleveland Union Terminals which they represented to bring the Cleveland Union Terminals men, as to their Cleveland Union Terminals employment, within the purview of the Merger Protection Agreement of 1964. The negotiations relating thereto progressed without resolution.

On April 28, 1969 the Penn Central Transportation Company and the Cleveland Union Terminals Company, pursuant to Section 6 of the Railway Labor Act, served a notice on the United Transportation Union (T) and their respective components representing the employees of the Penn Central and the yard service employees of the Cleveland Union Terminals to coordinate the present separate yard operations of the Cleveland Union Terminals Company with the Cleveland yard operations of Penn Central under the terms of the Washington Agreement of 1936. These negotiations were progressed and it was determined by the parties that the total work available in the merged Penn Central - Cleveland Union Terminals Company Cleveland, Ohio yard territory that the equities in the work are as follows: 65.1%, New York Central; 32.4%, Pennsylvania; and 2.5%, Cleveland Union Terminals yardmen. The negotiations progressed and produced an agreement of July 11, 1969, a copy of which is appended hereto and marked Exhibit "H", (being Exhibit F of the Affidavit of J. A. Lyons and Exhibit 7 of the deposition of Beedlow) The agreement provides that:

(a) yard operations of the Cleveland Union Terminals will be coordinated with and merged into the Penn Central Cleveland yard operations effective August 1, 1969;

(b) Cleveland Union Terminals Company yard service employees having the seniority date prior to February 16, 1965 were given preferential bidding rights for all assignments allocated to Cleveland Union Terminals upon the agreed ratio of 65.1% - 32.4% - 2.5%. They would have secondary rights to assignments allocated to New York Central men based on their September 10, 1964 seniority in the former New York Central freight yard territory as established by the agreement of February 16, 1965 (Exhibit "D", hereof) and would likewise stand for service in the Penn Central seniority District Ohio No. 4 on

the basis of their September 10, 1964 seniority date in the said district;

(c) the assignments allocated to the former Cleveland Union Terminals and the application referred to the pre-determined ratio will be those assignments in the passenger station (C.U.T.), Mail Hall and Express Shed;

(d) all prior agreements between the Cleveland Union Terminals and its yard service employees represented by the former Brotherhood of Railroad Trainmen were abrogated and all agreements presently and hereafter in effect for Penn Central employees in former New York Central Cleveland yard territory will govern subject to the terms and conditions of the agreement implementing the merger of New York Central and Pennsylvania Railroad Cleveland yard territories effected March 18, 1968.

Among other provisions the Agreement provided:

"7. In consideration of the factual situation present in this case and without prejudice to the position of any of the parties in any other case of a like or similar nature it is understood and agreed that Cleveland Union Terminals Company yard service employees affected by this merger of the Cleveland Terminal will, effective on the date this agreement is consummated, become subject to all the terms and conditions of the Merger Protective Agreement between the former New York Central, the former Pennsylvania and the former Brotherhood of Railroad Trainmen. It is further understood that the Cleveland Union Terminals Company and former New York Central Railroad earnings during the test period established by Appendix E of the Merger Protective Agreement will be combined for the purpose of computing the earnings guarantees for Cleveland Union Terminal employees who are entitled to such guarantees under the provisions of this agreement subject to the qualifying conditions of the November 16, 1964 Merger Protective Agreement and appendices thereto."

12. On February 21, 1968 each of the plaintiffs herein was sent a notice: M. Knopik, C. Tomczak, W. Grady, G. Norris, S. Tannenbaum, M. McLaughlin, F. Uher, K. Day, A. Augustus, H. Doran, W. Potosky, G. Gentile, R. Beedlow, J. Acree, E. Benko, C. Steimle and J. Gastony, together with H. A. Anderson, Local Chairman, and

10.

J. A. Lyons, General Chairman of the Brotherhood of Railroad Trainmen. Said notice was issued by A. B. Cravens, Transportation Superintendent, Cleveland Union Terminals Company. Said notice, sent by Certified Mail, read as follows:

"Effective at 12:01 A.M., February 25, 1968, the extra list of yard men at Cleveland Union Terminals Company is being reduced and you are furloughed effective at that time.

"You have rights in the Cleveland Freight Yard territory by virtue of agreement effective February 16, 1965 and may stand for employment in the Freight Yard territory. You should immediately contact General Yardmaster D. J. Weisbarth."

13. From and after February 25, 1968 F. C. Uher continued to work the Cleveland Union Terminals Company as a yard brakeman, was given a leave of absence for personal reasons and subsequent thereto he died.

14. On February 29, 1968 General Chairman J. A. Lyons requested that the seniority of the men "remain on a more or less status quo basis until we have an opportunity to meet and discuss the matter." This was addressed to C. L. Stalder, Assistant General Manager, Employee Relations, New York Central, with copies to H. A. Anderson, Local Chairman, Local Lodge No. 927, and R. Beedlow, Secretary, Local Lodge No. 927 (Exhibit "I", hereof).

15. The New York Central and Big Four Joint Yard Brakemen Seniority Roster of July 1, 1968 carried the entire Cleveland Union Terminals Yardmen roster commencing with No. 387 and continuing through No. 440. Of the parties to the within action, F. C. Uher died, C. Tomzacak returned to work, W. Grady died October 1969, M. McLaughlin was physically qualified, J. Acree returned to work a few days and marked off, E. Benko returned to employment, M. Knopik retired as of December 1, 1968, J. Gastony returned to employment, G. Gentile returned to work, C. Steimle returned to work and was subsequently disabled, H. Doran returned to work.

11.

16. On May 2, 1969 General Yardmaster D. J. Weisbarth sent Exhibit "J" hereof (Beedlow deposition Exhibit 1, to the Local Chairman and General Chairman together with the following individuals: W. Potosky, A. Augustus, S. Tannenbaum, G. Gentile, M. McLaughlin, E. Benko, C. Tomzcak, W. Grady, C. Steimle, J. Acree, H. Doran and R. Beedlow. The said letter was a recall notice pursuant to the agreement by and between the Brotherhood of Railroad Trainmen and the Penn Central Transportation Company.

17. On May 7, 1969 each of the abovementioned persons sent a letter dated May 7, 1969 to D. J. Weisbarth, General Yardmaster, acknowledging receipt of the recall notice of May 2, 1969 with reference to the furlough of February 25, 1968. (Exhibit "J-1")

18. On May 16, 1969 C. L. Stalder, Superintendent, Labor Relations, sent by Certified Mail a letter to each of the following at his last known address to the Railroad: S. Tannenbaum, C. Tomczak, G. Gentile, W. Grady, M. McLaughlin, J. Acree, E. Benko, W. Potosky, H. Doran, A. Augustus, R. Beedlow and C. Steimle. (Exhibit "J-2" hereof.)

19. On May 19, 1969 W. Potosky, A. Augustus, S. Tannenbaum, G. Gentile, M. McLaughlin, E. Benko, W. Grady, C. Tomzcak, C. Steimle, J. Acree, H. Doran, R. Beedlow acknowledged receipt of Mr. Stalder's letter of May 16, 1969. (Exhibit "J-3")

20. On May 26, 1969 General Yard Master D. J. Weisbarth instructed each of the following to report for duty and take the necessary return to service physical examination upon the proper forms and return the forms to the office of the General Yard Master at Collinwood or Rockport by June 13, 1969: C. Steimle, R. Beedlow, A. Augustus, H. Doran, W. Potosky, E. Benko, J. Acree, M. McLaughlin, G. Gentile, W. Grady, C. Tomzcak and S. Tannenbaum.

He advised that all persons okayed by the doctor must mark up for work by June 15, 1969.

21. On June 23, 1969 by written letter sent to C. Steimle, R. Beedlow, A. Augustus, H. Doran, S. Tannenbaum, W. Potosky, G. Gentile, W. Grady and C. Tomczak, they were informed:

"Since you have not reported for service in Collinwood or Rockport Yards as directed by my letters of May 2 and May 26, 1969, you have forfeited all seniority pursuant to Article 6 of the February 16, 1965 Agreement."

22. On June 25, 1969 it was disclosed that C. Steimle was physically disqualified -- broken foot.

23. On July 14, 1969 C. Steimle and M. McLaughlin were informed that by virtue of their physical disqualifications and being unable to perform service, neither of them had forfeited his seniority.

24. On August 22, 1969 General Chairman Lyons was informed by the Superintendent, Labor Relations, C. L. Stalder that C. Steimle and M. McLaughlin, having been found physically incapacitated for return to service, have remained on the roster. G. Gentile, C. Tomczak and W. Potosky having qualifed, marked up and and were notified at their homes to report for work at the Freight Yard. That on August 21, 1969 it was agreed by and between the General Chairman Lyons and Mr. C. L. Stalder for the carrier that the carrier was willing to restore the seniority of Messrs. Gentile, Tomczak, Potosky, Beedlow and Doran provided they return to active service on or before September 15, 1969 and having been out of service more than thirty days all five men must take and pass the return to work physical examination prior to reporting for work. If they should have any difficulty in obtaining an appointment for the return to work examination they should contact General Yardmaster Weisbarth or Assistant Superintendent Taylor. Mr. Stalder proceeded to state on behalf of the carrier

13.

that Messrs. Tannenbaum, Grady and Augustus not having responded to the May 16, 1969 recall, the carrier considers they have forfeited their employment and seniority rights. However, Mr. Stalder stated that if these men are desirous of returning to service he is willing to further discuss the matter of their reinstatement on condition that they also will report for return to service examinations, and make themselves available for active service not later than September 15, 1969 (Exhibit "K", hereof).

25. On December 12, 1969 it was agreed by and between General Chairman Lyons, UTU (T) and C. L. Stalder, Superintendent, Labor Relations, Penn Central, that G. Gentile and C. Steimle had returned to service and exercised their seniority at the Freight Yard and that Messrs. Tannenbaum, Tomczak, Doran, Augustus and Beedlow would be given letters to return to work to report to the General Yardmaster at the Cleveland Union Terminals for return to active service on the Cleveland Union Terminals, that the disability of M. McLaughlin was corroborated and continued. It was agreed that by granting this extension to these five men, if they are subsequently furloughed from the Cleveland Union Terminals, they will be compelled to exercise their prior right and/or Penn Central seniority. It was further agreed that those not responding would have forfeited all seniority and employment rights as of the letter notice of August 22, 1969.

26. On December 13, 1969 the following men were called back and placed on the Cleveland Union Terminals extra board as of December 15, 1969, S. Tannenbaum, C. Tomczak, H. Doran, A. Augustus, R. Beedlow, J. Acree, W. Potosky, M. McLaughlin.

At the time of the said recall for Cleveland Union Terminals extra board, G. Gentile, J. Gastony, C. Steimle and E. Banko were employed at the Penn Central Transportation Company at other locations.

14.

27. Exhibit "L", hereof, is a copy of the December 15, 1969 letter sent to Messrs. Beedlow, Augustus, Tannenbaum, Doran, Tomczak and Acree. Subsequently Messrs. Doran and Tomczak returned to service after return to work physical examinations.

28. On December 15, 1969, Messrs. Acree and Potosky were informed by General Yardmaster Cala that, having refused to accept the call of December 13 for return to work at the Cleveland Union Terminals, their prior right territory, their names are being removed from the Cleveland Union Terminals roster and also the Freight Yard Roster thereby forfeiting all seniority and employment rights with the carrier, Cleveland Union Terminals Company and Penn Central Transportation Company.

29. On July 1, 1961 agreement was made by and between the New York Central Railroad Company, Western District, and the employees thereof represented by the Brotherhood of Railroad Trainmen relating to compulsory retirement. This agreement provides that from and after January 1, 1966 all employees represented by the General Grievance Committee of the Brotherhood of Railroad Trainmen, Western District, shall retire at age 65. Upon consolidation of the rosters described in the Agreement of February 16, 1965 (Exhibit "D", hereof) all yard service employees of the Cleveland Union Terminals Company became subject to the said retirement agreement, (Exhibit "M", hereof).

30. On March 26, 1962 agreement (Exhibit "M-1" hereof) was made by and between the Cleveland Union Terminals Company and the employees thereof represented by the Brotherhood of Railroad Trainmen. This agreement provided that from and after August 1, 1962 each of such employees shall retire as of the last day of the month in which they attain the age of 65 years and upon such retirement their seniority rights shall be terminated and their names removed from the seniority rosters.

31. The present status of each of the plaintiffs in the within action is as follows:

M. Knopik	Retired as of December 1, 1968
C. Tomczak	Presently employed, freight yard
W. Grady	Deceased
G. Norris	Presently employed
S. Tannenbaum	Never returned, removed from seniority roster
M. McLaughlin	Physically disabled, retained on seniority roster
F. Uher	Returned to employment, leave of absence, deceased
K. Day	Presently employed
A. Augustus	Never returned, name removed from seniority roster
H. Doran	Returned to employment, died 1973
W. Potosky	Never returned, name removed from seniority roster December 15, 1969
G. Gentile	Presently employed
R. Beedlow	Never returned, name removed from seniority roster
J. Acree	Returned to employment, subsequent to February 25, 1968, marked off, did not accept recall, name removed from roster, December 15, 1969
E. Benko	Presently employed
C. Steimle	Presently employed
J. Gastony	Presently employed

32. Exhibit "N" hereof is the agreement presently in effect governing yardmen and switchtenders in the Freight Yard territory including Cleveland Union Terminals yardmen working in former New York Central territory.

33. Exhibit "O" hereof is the Operating Agreement governing the work in the Cleveland Union Terminals territory as distinguished from the former New York Central territory and the former Pennsylvania Railroad territory.

34. No other employee of the New York Central Railroad Company as a trainman nor any other employee of the Penn Central Transportation Company as a trainman has any greater job protection than that available to the plaintiffs. The same criteria have been used for determining employment rights, compensation rights, fringe benefits, seniority rights, prior working conditions pro-

tection, equities and coordination allowances. The protected rates for each employee, including the plaintiffs, is determined by the same criteria and same standard applied to his earnings during the base period.

35. Any dispute by and between the several plaintiffs as individuals and the defendant Trustees of the Penn Central Transportation Company relating to seniority, the call for employment, the application and interpretation of the labor agreements presently existing by and between the Brotherhood of Railroad Trainmen and its successor the United Transportation Union, and the Carrier, and wage disputes arising out of the interpretation thereof, are minor disputes for which the agreements provide negotiation, in particular instances, arbitration and the procedures of the Railway Labor Act and the exclusive jurisdiction of the National Railroad Adjustment Board pursuant thereto.

36. The work assignments available to each of the plaintiffs from and after February 25, 1968 provide that each of the plaintiffs would have had continuous employment subject only to physical disability and retirement at age 65. If all of the men having Cleveland Union Terminals rights and seniority of September 10, 1964 had worked regularly subsequent to February 25, 1968 the junior man on the seniority roster and others below him would have and did work filling the available job assignments to this date.

Appendix C - a separate roster of all employees on furlough or leave of absence.

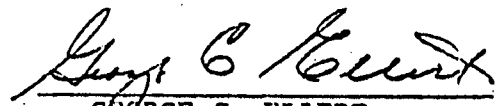

Upon the said rosters, Appendices B and C not one of the plaintiffs of the within action was listed.

38. Not one of the plaintiffs in the within action has invoked the arbitration provisions of the several job protection and implementation agreements, has not invoked the grievance procedures available to them as members of the Brotherhood of Railroad Trainmen and represented on the property of the New York Central Railroad Company, and its successor, Penn Central Transportation Company, and also represented on the Cleveland Union Terminals Company, to the consolidation of the rosters in the Agreement of February 16, 1965 (Exhibit "D") nor have any of the plaintiffs invoked the administrative remedies available under the Railway Labor Act through the procedures preliminary to invoking the jurisdiction of the National Railroad Adjustment Board.

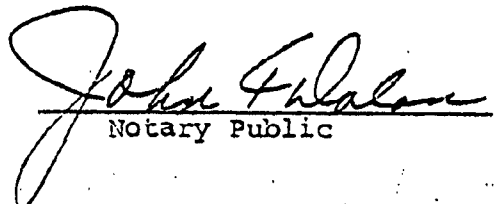

All issues relating to the application of the Agreement of February 16, 1965 consolidating the rosters of the Cleveland Union Terminals yard men into New York Central and Big Four Joint Brakemen's roster, the issues relating to the implementation of the Merger Protection Agreements, including consolidation of the Cleveland Terminal Switching District, and issues arising out of the furlough notice of February 21, 1968 and the several recall notices issued subsequent thereto, including the last recall notice of December 15, 1969, and the loss of income, compensation or benefits resulting therefrom, are "minor" disputes as defined by the Railway Labor Act and within the exclusive jurisdiction of the National Railroad Adjustment Board and the grievance procedure by and between the carrier as an employer and the Brotherhood as the employee representative.

18.

Further affiant sayeth not.

1 that the position of the carrier was that those
2 other two people that were part of the crew,
3 when they were working at the Cleveland Union
4 Terminal location, were covered by the merger
5 protective agreement?

6 A. I would say they were not as Cleveland --

7 Q. Didn't you just tell me that they were?

8 A. I'm trying to think it out myself.

9 Q. Okay. Let me ask you this. Were there jobs
10 available for those who returned to work at the
11 freightyard?

12 A. Yes, there were.

13 Q. They all got jobs?

14 A. They could have, yes.

15 Q. They all could have gotten jobs, is that your
16 testimony?

17 A. That's my testimony.

18 Q. And they all could have gotten full-time jobs?

19 A. I believe they could have, yes.

20 Q. What's your understanding of the term, stand for
21 a job?

22 A. That was a vacancy which they could cover.

23 Q. And in order to be able to stand for a job,
24 there had to be a job available to you, isn't
25 that true?

1 whether you can -- read it first and then give
2 me your opinion as to whether you think that
3 makes clear that the merger protective agreement
4 applies to the C.U.T employees.

5 MS. TRICHARICHI: Is that his
6 opinion now as he reads it or his opinion then?

7 MR. KERSHNER: Then as well as
8 now.

9 A. It definitely covers them, yes.

10 Q. The merger protective agreement provides for
11 certain benefits for employees, doesn't it?

12 A. Yes, it does.

13 Q. Do you know what some of those benefits are?

14 A. Protection of job assignments and guarantees.

15 Q. Is there a wage guarantee?

16 A. Wage guarantee.

17 Q. Are there any severance payments provided?

18 A. I think there were. Operation allowances and
19 severance.

20 Q. You've heard some testimony from the witnesses
21 respecting the payment of guarantees. What's
22 the procedure that was utilized to obtain
23 payment of a guarantee? How would I as an
24 employee obtain a guaranteed payment?

25 A. Well, I think Mr. Steimle stated that he put in

1 several claims for guarantees and would submit
2 them at the yard office to the yardmaster in
3 charge, as mentioned, with his regular time
4 slip.

5 Q. Is there a form to be used?

6 A. There is a form to be used.

7 Q. What did the form say, do you recall?

8 A. Well, it had a list of 30 or 31 days and they
9 wanted to know the jobs you worked and any meal
10 allowances and et cetera.

11 Q. Now, when I submit one of these requests for a
12 guarantee -- is that what it was called, by the
13 way, a request for a guarantee?

14 A. I don't recall the nomenclature on top of the
15 sheet.

16 Q. When I submitted one, would I get a response
17 back?

18 A. If you submitted one, which would be submitted
19 on the division level at that time to the
20 timekeeper's office on the division, and they
21 would determine that you had a guarantee coming,
22 it would be handled at that level. If not, it
23 would be denied.

24 Q. So I as the employee who applies for the
25 guarantee would know whether it was granted or

1 denied?

2 A. That is right. You would know.

3 Q. Now, how can I know whether I'm entitled to a
4 guarantee? How do I know what my guarantee is
5 in the first place?

6 A. Well, the information was prevalent around the
7 properties that there were guarantees, and if an
8 individual thought he had a guarantee, if he had
9 been working prior to these dates which are
10 indicated in the agreements, and if he received
11 a wage which he felt was lower than a guarantee
12 that he might possibly have, he could submit a
13 guarantee time slip or a guarantee sheet.

14 Q. Were the guarantee posted, were peoples' names
15 listed posted someplace?

16 A. No, they were not.

17 Q. This was confidential?

18 A. This was confidential information.

19 Q. So if I wanted to know my personal confidential
20 guarantee, what would I do as an employee?

21 A. Well, I think it's stipulated under the merger
22 protective agreement in appendix E, the route
23 you would take -- one of the routes you could
24 take to find out what your guarantee was.

25 Q. What is that route?

1 A. Let's see. Exhibit C, Appendix E, second
2 paragraph. Upon request the merged company will
3 furnish an operating signatory authorization for
4 any employee appearing on the rosters in
5 appendices B and C information respecting his
6 current rate of pay, compensation paid, hours
7 worked during a base period computed of the last
8 12 months in which he performed compensated
9 service immediately preceding May 15, 1964, all
10 elements of compensation received from the
11 merged company including vacation pay,
12 arbitration, pay for time lost and so forth, but
13 excluding payments made on account of personal
14 injuries, but such payments for reasons other
15 than time lost will be included in determining
16 compensation referred to below.

17 Q. So if I'm an employee, I do what, go to the
18 union and say what's my guarantee?

19 A. That was the route, yes. Yes.

20 Q. Are you of aware of any claims for guarantees
21 filed by any of the claimants --

22 MS. TRICHARICHI: Claims for
23 requests for guarantees, is that what you mean?

24 Q. Requests for guarantees filed by the claimants.

25 A. In my position at that time I can only recall

1 one.

2 Q. And who was that?

3 A. That was a brakeman switchman by the name of
4 J.J. Boris.

5 Q. Was his request for guarantee denied or granted?

6 A. As I recall, it was denied. As I recall, it was
7 listed for a day that he voluntarily marked off
8 from service and he claimed the guarantee for
9 that day and it was denied.

10 Q. Now, in your capacity as assistant
11 superintendent of labor relations would you know
12 about all applications or requests for
13 guarantees?

14 A. Would you state that again?

15 Q. Would you in your capacity as assistant
16 superintendent of labor relations be aware of
17 all requests for guarantees that might be made?

18 A. Oh, definitely not.

19 Q. Would you only know of those that might be
20 appealed to you?

21 A. It would be second level of appeal, yes.

22 Q. Was the individual you've just mentioned, was
23 his appealed?

24 A. It was appealed.

25 Q. Were there any other appeals of the claimants

1 Q. I said what dangers if any were involved in the
2 freight operation that were not involved in the
3 passenger operation, if any?

4 A. Maybe an occasional setting of hand brakes on
5 freight cars where they have to climb on the
6 freight car as against not having to do that on
7 the passenger car, but they had hand brakes on
8 passenger equipment also.

9 Q. You already indicated that the number of tracks
10 in each yard, particularly the Collinwood yard
11 being broken down into four different yards,
12 were about equivalent to the number of tracks in
13 the terminal.

14 A. Well, the Cleveland Union Terminal?

15 Q. Yes.

16 A. As I recall -- the experts down there, Beedlow
17 and that bunch, would know. I think there were
18 eleven in the coach yard and eleven or twelve in
19 the station itself. How close is that, Ray?

20 MR. BEEDLOW: Fairly close.

21 Q. Was there any difference in your judgment
22 between the visibility in areas that C.U.T
23 employees worked as opposed to the areas in
24 which freight people worked?

25 A. Well, in the C.U.T under the cover of about ten

1 or eleven or twelve tracks, why, it was probably
2 easier to see because the men walked along the
3 platforms and they were under cover away from
4 the weather.

5 Q. What about out in the GAR and the mail hall?

6 A. Well, there was shorter cuts of cars so they
7 wouldn't be strung so far out as 50 or 40 car
8 lengths.

9 Q. What about training for the employees,
10 particularly safety training? Mr. Beedlow
11 indicated that there wasn't any safety training
12 for the freight employees yesterday. Do you
13 agree with that?

14 A. When a man hired out, you just didn't put him on
15 a crew to go out and switch cars or to work with
16 a crew. He was put with a crew, but first of
17 all, he would be shown how to handle the switch,
18 how to give a signal, how to tie a hand brake.

19 Q. Were there any training classes for employees?

20 A. If they hired a group of men, they would have
21 training classes.

22 Q. Did people who were to go to the freightyard as
23 well as the passenger yard go to the same
24 classes?

25 A. They could. I don't know whether they did or

1 not. They could.

2 Q. Were there any safety meetings?

3 A. There were safety meetings. Every yardmaster by
4 bulletin was supposed to have a safety meeting
5 and read a safety rule of the day to the
6 employees.

7 Q. Did the safety rules of the day apply to both
8 the freightyard as well the passenger terminal?

9 A. Yes, it did.

10 Q. Were there safety books issued to employees
11 including the claimants?

12 A. Safety books were issued to the employees and
13 there was a -- certainly, there was an insert
14 inside which they had to sign which went with
15 their personnel record.

16 MR. KERSHNER: I don't intend to
17 make this an exhibit. I just want to have him
18 look at it.

19 A. This was effective July 1, 1968.

20 Q. And that was safety rules for employees?

21 A. Safety rules for train locomotive and other
22 transportation employees of the Penn Central.

23 Q. And was there one that applied to freight and
24 one that applied to passenger or did that apply
25 to both?

1 A. It applied to both. Road and yard service
2 employees and train and engine service.

3 MR. BLACKWELL: The date on that,
4 Mr. Ellert?

5 A. Yes. July 1, 1968. They had other colors
6 before this.

7 Q. Are you aware if any of the claimants worked in
8 the freightyard prior to 1968, prior to the
9 merger?

10 A. I didn't hear the question. I'm sorry.

11 Q. Were you aware if any of the claimants worked in
12 the freightyard prior to the 1968 merger?

13 A. Yes.

14 Q. Which ones, do you recall?

15 A. There was -- before the merger there was four or
16 five that -- or six that went out to the
17 freightyard prior to 1968 on their own volition
18 and went to work in the freightyard.

19 MS. TRICHARICHI: I really didn't
20 hear. Four or five or six before 1968?

21 A. '68. To elaborate on that, there was three or
22 four that went out there prior to the February
23 15, 1965 agreement and got seniority in the
24 freightyard prior to the 9-10-64 date, and that
25 was brought to the attention of the organization

REGISTERED MAIL - RETURN RECEIPT

J. E. Acron

37096 Sugar Ridge Rd.

N. Ridgewille, Ohio

Dear Sir:

Article 6 of the Agreement effective February 16, 1965 which provides for the "top and bottom seniority roster consolidation of NYC Cleveland Terminal District (Freight Yard) yard service employees and C.U.T. yard service employees" reads as follows:

"All furloughed employees on the present separate seniority rosters will be recalled to service before new men are employed. Cleveland Union Terminals Co. yardmen recalled from furlough for assignments, including the extra list, in NYC Cleveland Freight Yard territory must report for service within fifteen days of the date notified by U. S. Mail at their last known address or forfeit all seniority in both territories."

Your seniority in the former NYC Cleveland Terminal District (Freight Yard) is such that you now stand for work in that territory. You are hereby recalled to active service in said freight yard territory and you have fifteen (15) days or until May 20, 1969, to report for service. Failing to do so you will forfeit all seniority on the Cleveland Union Terminals Company as well as on the Penn Central unless, of course, you are unable to pass the required return to service physical examination at this time.

Yours truly,

D. J. Weisbarth

Mr. J. A. Lyons
Gen. Chm., U.T.U.(T)

RECEIVED

AUG 23 1969

Dear Sir:

During a conference on August 21 we discussed the status of several Cleveland Union Terminals Company yardmen as referred to in letter addressed to Superintendent /Brinkworth by Local Chairman Anderson under date of July 1, 1969.

It is a fact that Messrs. C. Steimle, Wm. Prochaska and M.J. McLaughlin have been found to be physically incapacitated for return to service at this time. That being the case their names have not been removed from the seniority roster.

It is also true that Messrs. G. Gentile, C.C. Tomczak and W.J. Potosky did take a return to work physical examination and did report to the crew dispatcher at Collinwood but were erroneously advised that they would not be permitted to exercise their seniority in the freight yard. However, when this error was discovered a day or two later an attempt was made to reach each of three men by telephone and when they could not be contacted a message was left for them at their homes that they would stand for work in the freight yard and would be permitted to exercise their seniority. Despite such advice none of the three men made any further attempt to report in and exercise their seniority.

It is also a fact that Messrs. R. Beedlow and H. E. Doran did contact Mr. Mishler's office for an appointment for a return to service physical examination but when they were unable to get an appointment at that time, they have subsequently made no further effort to do so.

Because of these extenuating facts Carrier is willing, as you were advised during the August 21 conference, to restore the seniority of Messrs. Gentile, Tomczak, Potosky, Beedlow and Doran provided they return to active service on or before September 15, 1969. Since it is more than thirty days that the first three were examined, all five will be required to take the return to service physical examination prior to reporting for work on or before September 15. If they should have any difficulty obtaining an appointment for the return to service physical examination, they should contact General Yardmaster Weinbarth or Assistant Superintendent-Labor Relations Taylor for assistance.

(continued)

August 22, 1969

Mr. J. A. Lyons

*so that sent
registered - think not,
how were they*

This leaves Messrs. S. Tannenbaum, W. F. Grady and A. Augustus who
have not responded in any way to the May 16, 1969 recall notice and Carrier
considers they have thereby forfeited all seniority and employment rights.
We are willing, however, if these men are desirous of returning to service
to further discuss the matter of their reinstatement on the condition that
they also will report for return to service examinations and make themselves
available for active service not later than September 15, 1969.

Yours truly,

Dear Mr. Dutrow:

With regard to our July 5, 1972 meeting and reference to Mr. P. Sowinski who was furloughed on March 12, 1972.

This was due to transfer of work when trains 55 and 56 were discontinued and the work transferred to freight. This job re-established on May 3, 1972.

I was told that his case was being processed. I've heard nothing since.

Dear Sir:

Referring to my letter of August 28, 1972, notifying you of openings at Rockport Yard, and Mr. P. Scuba's letter of September 5, 1972, requesting full seniority or the terms of Article I, Sections 2 and 6 of the September 25, 1964 Agreement.

The request is without merit nor applicable in this instance. Unfortunately, we cannot arbitrarily allow employees from one seniority district to carry their seniority to an entirely different seniority district without being in violation of the applicable Agreements involved.

Furthermore, you were not deprived of employment as a result of a change in operations for any of the reasons set forth in Section 2. Therefore, Sections 2 and 6 of Article 1 are not applicable.

The registered letter sent to you, notifying you of permanent vacancies in the Carmen's Craft at Rockport Yard "carried no implication of a threat", nor was it harassment. This was strictly a letter of formally notifying you of employment if you so desired to work. The letter was registered to guarantee delivery and you were given the courtesy of 15 days from the date of the letter to express your desire to accept such employment.

Dear Sir:

Referring to my letter of August 28, 1972, notifying you of openings at Rockport Yard, and Mr. P. Scuba's letter of September 5, 1972, requesting full seniority or the terms of Article I, Sections 2 and 6 of the September 25, 1964 Agreement.

The request is without merit nor applicable in this instance. Unfortunately, we cannot arbitrarily allow employees from one seniority district to carry their seniority to an entirely different seniority district without being in violation of the applicable Agreements involved.

Furthermore, you were not deprived of employment as a result of a change in operations for any of the reasons set forth in Section 2. Therefore, Sections 2 and 6 of Article 1 are not applicable.

The registered letter sent to you, notifying you of permanent vacancies in the Carmen's Craft at Rockport Yard "carried no implication of a threat", nor was it harassment. This was strictly a letter of formally notifying you of employment if you so desired to work. The letter was registered to guarantee delivery and you were given the courtesy of 15 days from the date of the letter to express your desire to accept such employment.

Very truly yours,

C. R. Harmon
General
